Agenda Items

1. Web Presence

There is currently a page at <http://www.ou.edu/content/datagovernance/dart.html> on the Data Governance Coordinating Committee website. The plan is for one of the sub-teams to look at further developing this site.

2. DART Logo

David Wilkins shared various draft logos and taglines that had been developed in coordination with the campus Public Affairs department. The consensus was that shorter is better, and that the tagline can be incorporated into the text.

The survey results were discussed. Updates are still coming in, and the general consensus was that no changes to the overall number and scope of sub-teams is needed at this time.

The specific names of the sub-teams was briefly discussed. David Wilkins will set up the first meetings so that the sub-teams can consider the issue for themselves.
