- Justin Wollenberg, College of Arts and Sciences
- Susan Wyatt

Review of Minutes

The minutes from the March 24th meeting were reviewed. A motion was made and seconded to approve the minutes. The motion passed by voice vote.

Agenda Items

1. OneDrive

Invitations have been sent to all the subteams for access to a OneDrive folder.

Kim Thomas and Derek Mehl gave a short presentation on the use of OneDrive, OneNote, and Portal.Office.com. Although not believed to be FERPA compliant, Glenn Crouch was going to check with the IT Security team on whether there were any ways to be more secure.

2. DART Subteams

Several of the subteams have met, and several have changed their names. The leadership nomination process, previously distributed, was discussed and a motion was made and seconded to approve the process. The motion passed by voice vote.

3. Reporting Tool Survey

The results from the recent reporting tool survey were discussed. N=14, various word-cloud graphics and lists of the tools was displayed.

4. Updates from IT

Jeff Wall reported that there was no update on the API request approval flow diagram he had presented in a previous meeting. He did share that the name "One-U" has changed to "Data Platform", and that the new student portal at <http://one.ou.edu/> was due to be released in beta around the mid-June timeframe.

5. Cognos 11

Main campus IT has begun initial planning for a Cognos 11 staging environment.

The meeting was adjourned, 9:56 AM.

v/r, Eric Blazek
