

Oklahoma Department of Transportation

#### Rachel Hanigan, P.E. Environmental Permits & Mitigation Engineering Manager

### ODOT's Environmental Programs Division

Established in 2007 to consolidate the agency's environmental experts

The Intent:

- 1. To integrate environmental considerations and regulatory requirements into ODOT's programs/operations
- 2. To provide a broad range of expertise in the natural and human environment

## Who We are & What We do

- Engineers
- Project Managers
- Environmental Specialists
- Archeologists
- Historians
- Biologists
- Industrial Hygienists
- Landscape Architects

- NEPA
- Storm Water\*
- USACE Permitting\*
- Mitigation\*
- Noise\*
- Endangered Species
- Archeology/Cultural Resources
- Hazardous Waste
- Asbestos
- Radiological

## What We Really Do

### Ensure Compliance & Manage Risk

# **Current Partnerships**

 Contract Biological Assessments & Monitoring with the Oklahoma Biological Survey

• Contract Cultural Resource Assessments & Monitoring with the Oklahoma Archeological

Survey

## More Partnerships

- Tree Grants
- Statewide anti-litter campaign, 1-888-5-LITTER to report litter
- Participate in the Annual Trash Poster Contest with other State agencies
- Adopt-a-Highway / TRASH-OFF

# Potential Partnerships

- Outfall Mapping in MS4 Regulated Areas across the State (GIS Work)
- Evaluation of New Products for use as Erosion Control BMPs on Construction Sites
- Others?

## Office of Research and Implementation
